

HOSTETTER'S CELEBRATED STOMACH BITTERS HEALTHY BLOOD

The blood is the source of strength. If you are weak you need a medicine to tone up your stomach and make plenty of rich red blood. The medicine to do this is Hostetter's Stomach Bitters. It will not shock the system, and it cures INDIGESTION, DYSPEPSIA, HEARTBURN, BELCHING AND MALARIA, FEVER AND AGUE. A fair trial will convince you of its value.

TO RAZE OCEANIC SHEDS SHORTLY

The old sheds covering the Oceanic Steamship dock will be razed in about ten days to make way for the improvements there. No work in this respect will be done until after the arrival and departure of the Ventura from the Colonies on March 17 and the Sonoma from San Francisco on March 18. Upon their departure preparations will be made to get the superstructure out of the way. The shed was recently sold for about \$675 to Mr. Ludwigen. The improvements will include a pavement in the dock space which will be a decided assistance in the trucking of merchandise to and from the steamers. At present there is only a dirt floor making it difficult to move the trucks about with heavy loads. On the return of the Alameda she will probably dock at the new Bishop wharf next to the Healan Boat House.

GLOBE COMPANY HAS NEW PLANS

As stated in the Advertiser several weeks ago, the Globe Navigation Company will not use the steamer Tampico on the Seattle-Honolulu run as a general merchandise carrier. Recent advice received by Norman Watkins, the local representative of the Globe, are to the effect that the company is contemplating putting on a large steamer to compete with the American-Hawaiian freight steamers on this run. The company expects to put the new steamer on in about a month and it is believed that with the prevailing rates and a large cargo the experiment can be made a paying one, which was not the case with the smaller steamers of the line.

Island is Almost Barren.

The sand spit or "Island" which the Young Bros. for so long occupied as their home and launch headquarters has been denuded of all structures save a lean to and little remains now but the sand pile which rises slightly above high tide level. The Young Bros. have their house re-established.

Wednesday, March 18th, at 7 o'clock
Benefit of
ANGLO CHINESE ACADEMY.
The play will be interpreted by a well known Chinese resident.
Tickets \$1.00, including reserved seat.
General admission 50 cents.

on the Waikiki side of the channel below the channel wharf and have their mooring stage in position. The U. S. Government now has sole surveillance over the "Island."

Plenty of Sugar.

The Inter-Island steamer Nihau arrived yesterday from Kauai with 7,050 bags of sugar. The purser reports a total of 84,982 bags still on the Garden Isle awaiting shipment, divided amongst the plantations as follows:
Mak. 9503; G. & R., 1350; McE., 16,466; K. F., 3300; G. F., 2415; H. M., 781; M. S., 48,570; K. S. Co., 1500.

All the Inter-Island company boats except the Mauna Loa have been kept busy during the past three weeks making extra runs to Kauai for the purpose of bringing off the sugar. There is a scarcity of bottoms here now to carry the sugar to the coast.

EDWARD O'BRIEN SQUATTERS ACTIVE

Despite the fact that the bark Edward O'Brien was wrecked on the coral reef Ewa of the mouth of the channel more than three years ago, natives are still bringing up coal from her original cargo and are making money in town by selling it at an average of 50 cents a sack. The wreck has been a veritable coal mine to the natives in the interim. The O'Brien went to pieces rapidly on the reef and the coal was distributed over a considerable area. The ribs of the wrecked vessel formed a nucleus about which enterprising natives built shanties and they have lived there comfortably ever since, obtaining their livelihood by mining coal and fishing. They have, however, broken up the remains of the vessel to save the iron and other metal in the hulk and little remains now of the original structure.

THE OLD PEKING CAN'T STAY AWAY

Hackfeld & Co., have received advice from San Francisco to the effect that on the return of the steamship China from the Orient she will be laid up for extensive repairs and improvements and the old Peking, which has been passed to the reserve fleet since the Siberia has been placed on the Pacific run, will take her place for one trip. The China will resume her run to the Orient on July 15.

The Siberia with a full complement of passengers departed from San Francisco for the Orient via Honolulu on March 11 and is scheduled to arrive here early on the morning of March 17.

Shipping Notes.

The barkentine Aurora may leave port on Monday next for the coast.

The Ke Au Hou while lying at Anahola on March 11, broke her starboard chock block.

A crew of men under Sorenson & Lyle are caulking the deck of the Mahukona which is anchored outside.

The ship Paramita has finished discharging her coal at the Inter-Island wharf and has shifted over to the Naval Row. Captain Backus is still awaiting orders as to her disposition.

The ship Fort George sails tomorrow for Kahului to load sugar and will then go to San Francisco. On her

return to the islands she will load in a cargo of sugar for New York via Cape Horn.

The Nebraska will take away a cargo of about 5500 tons of sugar.

The ship Fort George has finished discharging her cargo and begun loading sugar.

The schooner Robert Lewers was fumigated yesterday and will load in a cargo of sugar for San Francisco.

The owner of the sealing schooner Geneva is expected in this city shortly to try to settle some of the troubles of that craft.

The half wrecked Paramita has finished discharging her cargo of coal, and has been hauled out into the stream awaiting orders from her owners. Just what will be done with her, nobody at present seems to know. Her captain has failed to hear anything from the people that own her, and there is considerable doubt about the future fate of the ship.

CHINESE USING SMALL MESH NETS

The attention of the waterfront has recently been directed to Chinese fishermen who are making their hauls of fish in and about the harbor with seines of very small mesh. The Chinese work with boats in pairs and draw the seine between them. When ready to take in the net the boats come close together which draws the ends of the seine up and all fish caught in it are held securely. The catch contains fishes of all sizes and even the very smallest are unable to escape. The Chinese take all that they find. Waterfronters express the hope that the Legislature will pass a law to crush out the small mesh net industry as it is causing injury to the fishing business in general.

SCOURING YOUR SCALP.

Will Remove the Loose Dandruff Scales But It Won't Cure Dandruff.

If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales, won't cure dandruff; because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair where it saps the vitality causing falling hair and, in time baldness. Now you can't stop dandruff, nor falling hair, nor prevent baldness unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp; soap and water will do that, but only Newbro's Herpicide gets at the root of the trouble and kills the dandruff germ.

ENGRAVINGS HAWAIIAN GAZETTE CO., LTD.

RECEIVER FOR THE LOW RANCH

Judge Gear rendered a decision yesterday in the case of Hind vs. Low granting the motion of Hind for a receiver for winding up the affairs of the ranch. W. G. Cooper is appointed by the court as receiver and will take charge of the partnership upon giving a bond of \$150,000. He is ordered to sell all of the assets and divide the proceeds equally between the two partners after paying all the expenses of the proceedings.

An agreed submission between W. C. Achi and the Kapiolani Estate have been filed in the Supreme Court for an opinion as to the disposition of the collections made on a tract of land sold to Achi by the Kapiolani Estate. Achi gave a mortgage for \$300,000 upon the land and sold a number of lots, the estate to receive 4½ to 6½ cents per square foot on all land sold. Achi claims that the receipts should go to the payment of the mortgage while the Kapiolani Estate claims that they should be first paid for the lots.

Motion to dismiss the appeal has been filed in the case of B. T. White vs. M. R. Da Sa.

Judgment for defendant was given in the case of Maria Baptiste et al. vs. Lee Jun Cheong.

A discontinuance was filed in the case of First National Bank vs. H. N. Ainy.

A Bad Skin

Prick your skin with a needle. You will see it is full of blood, full all the time. But what kind of blood? Rich and pure? Or thin and impure? Pure blood makes the skin clear, smooth, healthy. Impure blood covers the skin with pimples, sores, boils, eczema, eruptions, tetter, salt-rheum.

Mr. Frank Hewett, of Kalgoolie, W. A., sends his photograph and tells what cured him. "When a boy my skin broke out in bad sores about my hands. After trying a great many remedies in vain, I took Ayer's Sarsaparilla and was quickly cured. Recently I was troubled again with severe boils, but one bottle of the same old remedy completely cured me. It's the greatest blood-purifying medicine in the world."

AYER'S Sarsaparilla

There are many imitation "Sarsaparillas." Be sure you get Ayer's.
Aid the Sarsaparilla by keeping your bowels in good condition with Ayer's Pills.
